# EVENTS 2025

## THE VINTAGE MOTOR CYCLE CLUB

has been around for over 75 years. In Scotland and Northern Ireland, we have 8 active sections with our members riding and restoring motorcycles which are over 25 years old. Some of the members are interested in machines from the 1990s, others from pre 1920 and anywhere in between. From mopeds to superbikes all are of interest.

The National club with HQ in Burton-on-Trent has over 10,000 members across the UK and there are over 1200 events annually in our calendar to get involved with. Full information is on the clubs website [www.vmcc.net](http://www.vmcc.net)

We have a full archive library service including machine dating and our insurance partner Peter James offers good discounted insurance rates.

Make contact with any of the Section secretaries listed on the back page or enquire at [www.vmcc.net](http://www.vmcc.net)

Why not come along to any of our events or monthly meetings, details of who we are, where we meet and what we offer are all on this leaflet.
